REPORT OF THE VISITORS TO THE QUARTER SESSIONS.

NORTHUMBERLAND.

To Her Majesty's Justices of the Peace for the County of Northumberland, in Quarter Sessions assembled, on the 4th January, 1871.

16 & 17 Vic.,
c. 97, sec. 62.

IN pursuance of the Statute, the Committee of Visitors of the Pauper Lunatic Asylum of this County have to make this their Annual Report to the Bench.

Your Committee have to state that the House and Grounds and the whole of the Asylum premises are in a satisfactory condition, and are at present more than sufficient for the requirements of the County.

There are 101 Patients in the Asylum belonging to other Counties : but they are subject to be removed if the wants of the County require it. Each of these Patients is charged an extra sum, beyond the ordinary charge, of 4s. 8d. per week, which amounts to £23, 11s. 4d. per week, or £1225, 9s. 4d. per annum ; but this sum varies of course with the number of these foreign Patients.

The management during the past year has been to the entire satisfaction of your Committee, as well as the conduct of the Officers and Servants, and the Patients have been well attended to.

The Assistant Surgeon, Mr. Greene, having been appointed Assistant Surgeon of the Hayward's Heath Asylum, Sussex, he left the Institution of this County on the 19th day of October last. During the short time he acted at this Asylum, he gave to your Committee great satisfaction for the steadiness of his conduct and his attention to the Patients.

He has been succeeded by Mr. John Merson, who entered on his duties on the 1st day of November last, and so far as your Committee are able to judge, he is likely to prove an excellent Officer.

Mr. John Kent, the late Steward, departed this life on the 26th day of August last, after a long and serious illness, and after a service of nine years. He was assisted in his Office by Mr. Stonehouse, who has given the Committee much satisfaction.

Mr. Clark was Clerk in the Gaol, and an old Officer of the County, and your Committee thought fit to appoint him to succeed Mr. Kent. He entered upon his duties on the 15th day of October last.

Owing to the number of Patients, the services of both Mr. Clark and Mr. Stonehouse are necessary, and the Committee are glad to say that they act together to the satisfaction of your Committee.

In consequence of the long services of Mr. Wilson, the Superintendent, and the extra duties thrown upon him by the increase of Patients, your Committee have added £50 to his Salary, making his whole Salary £450.

The numbers in the Asylum on the 17th December, 1869, were 199 Males and 187 Females, total 386; and on this the 19th December, 1870, the numbers are 207 Males and 195 Females, total 402.

By the additions made to the Asylum, it is sufficient to accommodate 215 Males and 215 Females, in all 430.

The cost of maintenance has been continued this year at the previous rate of 9s. 4d. per head per week.

On the 25th of February last, two of the Commissioners in Lunacy visited the Asylum, and made some suggestions which your Committee have carried out as far as possible. The Commissioners conclude their Report in the following words:—"We are glad again to be able to report very favourably of the general condition and management of this Asylum, throughout which we observe indications of kind and careful treatment."

During the year Four Committees of Boards of Guardians with their Medical Officers have visited the Asylum, and left very favourable reports in the Visitors' Book.

Your Committee, in concluding their Report, have to mention that not less than 7 Members of the Bench must be elected Visitors for the ensuing year, at the next Quarter Sessions; and, as the present Committee may be re-elected, a list of their names is annexed.

A. J. BAKER CRESSWELL,

Chairman.

ASYLUM, 19th December, 1870.

CONFIRMATION OF COMMITTEE'S REPORT.

County of
Northumberland.

1871.

At the General Quarter Sessions of the Peace of our Lady the Queen, held at the Moot Hall, in and for the said County, on the Fourth day of January, in the Thirty-fourth Year of the Reign of our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith before Her Majesty's Justices of the Peace assigned to keep the Peace in the said County, and also to hear and determine divers Felonies, Trespasses, and other Misdemeanors done and committed therein.

PAUPER LUNATIC ASYLUM, (Annual Report and Election of Visitors.)

The Visitors of the Pauper Lunatic Asylum for this County having presented their Annual Report, according to the Statute (16 and 17 Vict., cap. 97, sec. 62), which was read and considered; Ordered that the same be and it is hereby approved of, and that it be entered upon the Records of this Court immediately after this Order; and it is further Ordered, pursuant to the Statute (16 and 17 Vict., cap. 97, sec. 22,) that the following Justices of the Peace be and they are hereby appointed Visitors of this Asylum for the ensuing year, namely:—

1. ADDISON JOHN BAKER CRESSWELL, Esquire.
2. RALPH CARR, Esquire.
3. THOMAS ANDERSON, Esquire.
4. SIR MATTHEW WHITE RIDLEY, Baronet.
5. JOHN ERRINGTON, Esquire.
6. GEORGE BURDON, Esquire.
7. JAMES HENRY HOLLIS ATKINSON, Esquire.
8. SIR WALTER CALVERLY TREVELYAN, Baronet.
9. CHARLES WILLIAM ORDE, Esquire.
10. JOHN COOKSON, Esquire.
11. THE REVEREND CHARLES THOMAS WHITLEY.
12. JOSEPH YOUNG, Esquire.
13. THE REVEREND EDWARD LAWSON.
14. JOHN PHILIP OSBALDISTON-MITFORD, Esquire.
15. JOHN CRASTER, Esquire.
16. SIR ARTHUR EDWARD MONCK, Baronet.
17. THOMAS CLUTTERBUCK, Esquire.
18. CADOGAN, HODGSON-CADOGAN, Esquire.

By the Court,

DICKSON.

SUPERINTENDENT'S ANNUAL REPORT.

NORTHUMBERLAND COUNTY ASYLUM,

COTTINGWOOD, MORPETH, *January 18th, 1871.*

GENTLEMEN,

I beg respectfully to submit to you my Annual Report of this Asylum for the year 1870. A new series of Statistical Tables is appended, in accordance with a wish expressed by the Commissioners in Lunacy, in their Report for the year 1868. In this they say, that "a compilation of facts on Insanity registered according to this series of Tables, in all institutions for the treatment of Insanity in this Country, would be of the greatest utility in statistical comparison, and supply the chief requisites for a scientific application of the results of medical statistics. We trust, therefore, that the Visitors and Superintendents of all such establishments may as early as practicable introduce therein this system of Medical Registration."

The number of Patients remaining in the Asylum on the First of January, 1870, was 376, namely 193 men and 183 women. The admissions amounted to 131,—71 men and 60 women,—making a total of 507 under care during the year.

The following changes have occurred:—71 Patients, namely, 42 men and 29 women have been discharged recovered; 3 have been discharged relieved, (2 men for removal to another County Asylum, and 1 woman at the request of her friends), and 42 have died, leaving in the Asylum on the First of January, 1871, 391, viz: 202 men and 189 women.

The daily average number of Patients during the year was 383,—195 men and 188 women. The highest number resident at any one time in the House was 400.

I again append, as in my last Report, a Table of the number of Patients at the close of the year, arranged under their respective Unions, with the numbers deemed curable belonging to each.

	Total Numbers.			Of whom Curable.		
	Men.	Women.	Total.	Men.	Women.	Total.
Alnwick Union	22	16	38	6	6	12
Belford do.	1	4	5	...	2	2
Bellingham do.	7	7	14	2	3	5
Berwick do.	13	15	28	3	4	7
Castle Ward do.	6	12	18	2	3	5
County of Northumberland	14	7	21	2	1	3
Glendale Union	8	8	16	1	1	2
Haltwhistle do.	1	3	4	...	1	1
Hexham do.	23	18	41	6	5	11
Morpeth do.	10	20	30	5	7	12
Newcastle (Part of)	1	...	1
Rothbury Union	8	5	13	3	3	6
Tynemouth do.	56	33	89	12	12	24
Yorkshire West Riding	1	...	1	1	...	1
Sunderland Union	1	...	1	1	...	1
West Derby do.	5	5	...	5	5
St. Leonard's, Shoreditch Union	15	23	38
Liverpool Union	5	7	12	1	6	7
Manchester do.	4	5	9	2	2	4
North Bierley do.	2	...	2	2	...	2
County of Lancaster	2	1	3	1	1	2
Newport Union	1	...	1
Bradford do.	1	...	1
TOTAL	202	189	391	50	62	112

From the foregoing Table it will be perceived that we still continue to admit many Patients from Unions foreign to this County, which accounts in a great measure for the gradual increase in our numbers, as the admissions from our own County do not show any increase of Insanity, being about the average of the last few years, while the number of Patients at the end of the year is even eight less than at the close of the previous year. Seventeen of the number also were re-admissions, consisting of twelve men and five women.

The admissions were of an ordinary character with nothing worthy of special remark. Several were recorded as being in a very weak state of health, 16 were found on examination to be labouring under General Paralysis, 11 were subject to Epilepsy, and 37 were stated to be disposed to suicide.

The recoveries amounted to the large number of 71, (against 42 the previous year), in some measure owing to recent cases we received from Liverpool and Manchester; the journey and entire change of air and scene, no doubt contributing to their speedy recovery. The per-centage of cures on the admissions was 54·2, and on the numbers under treatment 14.

As regards the deaths, they were somewhat below the average. Among the number of females were two of our oldest and most valued Patients whose loss was greatly deplored. I am thankful to say that no case of suicide, or death from any accidental source, occurred to disturb the general well-being of the Asylum, nor was it deemed necessary by the Coroner in any case to hold an inquest. It is also satisfactory to state that the health of the Patients throughout the year has been on the whole good, and we have not been visited with any disease of an epidemic character. The chief causes of death were as usual General Paralysis in the males, and Pulmonary Consumption among the females.

The per-centage of deaths on the numbers under treatment was 8·28.

For matters of detail connected with the admissions, discharges, and deaths, I would beg to refer you to the new Tables added to this Report.

With respect to employment, the quantity of Land under cultivation and the Gardens and Airing-courts, have furnished full occupation for a large number of the men, whilst others have been frequently induced to make themselves useful in the different Workshops, or in assisting generally in their Wards. The women have been industriously employed in both the Wards, the Workroom, and Laundry, and many of them were able, as heretofore, to assist in the harvest. A new Croquet Ground, with Summer-house, has been laid out on a piece of waste ground near the Chapel, and another Summer-house has also been erected in No. 2 Airing-court, female. The walks of the corresponding Airing-court on the male side have been laid down with asphalt, a good means of utilising the gas-tar, and a very great improvement, which, in time it is purposed to extend to all the Airing-courts in both divisions.

The recreation of the Patients has been attended to much as in former years. Quoits, Bowls, and games of Cricket and Croquet are heartily entered into, during the summer, almost every evening, with a weekly Dance in the open air whenever the weather has permitted. A Pic-nic was also made, as usual to the sea-side, and thoroughly enjoyed by those allowed to take part in it. During the winter there has been the Dance every Wednesday evening and occasional Theatrical Entertainments, and Exhibitions of the Magic Lantern have helped to vary the programme.

The Services of the Church have continued as usual, and the Holy Communion is administered three times a year. The Chapel is well filled every Sunday, and, apart from the Religious Service itself, the attendance on Divine Worship is, I consider, a great help to treatment, by inducing a more quiet and orderly demeanour. The singing, I am happy to say, is now improving, and I trust, under the management of Mr. Clarke, the Steward, that we shall soon possess an efficient choir. The want of a more powerful Harmonium is however much felt.

Among alterations and improvements during the year, I may state that a new Boiler-house has been erected near the Kitchen, for the supply of steam to the Kitchen range. A new Bake-house has also been built, adjoining the former one, the one oven having become much too small for our present requirements. Many additional articles of Furniture, made in the Asylum, consisting of Sofas, Settees, and Book-cases, together with a number of Pictures, have been added to the Wards, which each year present a more comfortable and furnished appearance.

I am sorry to say that the plans of the new Infirmaries, agreed to by the Committee, are still in abeyance, further modifications in their detail being required by the Commissioners in Lunacy. I need hardly dilate upon the desirability of their erection as early as practicable, from the importance to the sick themselves of quiet and undisturbed treatment by removal from the turmoil and bustle of a general Ward, and the benefit which would more particularly be derived from isolation in case of any infectious or contagious disease. The new Sorting-rooms are likewise much needed, as the Laundry is sadly overerowed and deficient in every respect for our present numbers. The Wash-house is also very cold and wet, and deleterious to the health of those patients working therein, and I would suggest to the Committee the propriety of introducing two Gill-stoves. Those now in use in the Bath-rooms could be used for that purpose, and open Fire-places substituted in their stead, for which there is every facility. I hope in time, however, to see the introduction of steam into the Wash-house, to replace much of the manual labour.

The Commissioners in Lunacy visited the Asylum in February last, and left the following Report :—

“NORTHUMBERLAND COUNTY ASYLUM,

25th February, 1870.

“Nearly twelve months have elapsed since the visit of our Colleagues, in the course of which the following changes have taken place among the Patients :—

	Males.	Females.	Total
Admitted , , , ,	77	70	147
Discharged or removed , ,	23	14	37
Died , , , ,	18	18	36

“Of the Patients discharged 34 were reported as recovered.

“The registered causes of death show a large proportion attributable to General Paralysis; and inquests were held in two cases. In one of these the Patient committed suicide by hanging, but the Jury did not think that the Attendants had been negligent, and made no recommendations. The matter, however, formed the subject of a correspondence between our Board and the Committee of Visitors, and some of the recommendations made by the former are still under consideration. It was suggested that a Sleeping Ward should be specially set apart for Suicidal, Epileptic, and recent cases, where an Attendant should remain on duty during the night, and this arrangement is the only one by which the risk of accidents can really be prevented. In the meantime and until some decision is come to, openings have been made over the Dormitory doors, and the gas-burners have been so placed that a certain amount of light is cast into the rooms, which previously were in total darkness. It is essential, however, that the Attendants should have the means of entering the Dormitories adjacent to their rooms without any delay, we therefore recommend that glazed doors be substituted for the small openings now existing. We are further of opinion that Tell-tale Clocks should be adopted to ensure as far as possible the due fulfilment of the Night-Attendants' duties.

“Whilst visiting the various departments to-day, the following changes and improvements were pointed out to us.

“ A new Boiler-house has been added to the Laundry Offices, whereby increased space has been obtained in the Wash-house. The Bake-house has been enlarged and a new oven fixed. A Bath-room has been formed in No. 3 Wards of each division, and Sculleries have been added to Wards No. 2.

“ There have been additions to the Furniture in the way of Wash-stands and Book-cases, and easy backed Seats have been added to those already in use, and more are being made. The furnishing of the Wards generally struck us as very good, and they all presented a comfortable and home-like appearance. We found them very clean, and well warmed and ventilated. The bedding in every department was good and abundant.

“ We have seen and examined every Patient in the house. The numbers are now 191 of the male, and 189 of the female sex, but one of each sex is away on trial. The actual accommodation is for 430, so that with the present numbers there would be room for 50 additional Patients. At the end of the past year, the Asylum contained 300 Patients belonging to the County, and 76 from Berwick and other places not in Union. Of these last as many as 39 are chargeable to the Parish of St Leonard's, Shoreditch, London, and there are others from Manchester, Liverpool, South Shields, and the West Riding of York.

“ The weekly charge for County Patients is 9s. 4d., the rest pay 14s. 0d.

“ We have a very good Report to give of the clothing, cleanliness, and personal demeanour of all the Patients except those who inhabit No. 3 on the female side. Here there was much noise and disorderly conduct, and the dresses of several of the inmates were not good nor tidy. Two women in a state of Mania were in bed and locked in their rooms. We attribute the unsatisfactory condition of this Ward to two causes: (1.) The congregation of too large a number of excited cases; (2.) The want of a sufficient number of Nurses, there being at present only three for 47 Patients.

“ The party of 70 assembled together in the Dining-hall on the female side to-day were most orderly, and we thought their dinner excellent. About the same number of men dine together in the opposite division. The dietary is unchanged.

“ We found 50 women in the Needle-room, and there were 29 at work in the Kitchen and Laundry. The latter department has been somewhat enlarged, and we hear that further improvements are contemplated.

“ On the Garden and Farm 32 men are said to be regularly employed, and a similar number are engaged in the Workshops and Domestic Offices. The total numbers returned to us as usefully employed are 110 men and 126 women.

“ Prayers are read as usual on week days, and there are the same Sunday Services at which about 192 Patients are usually present. The daily attendance averages about 122. The weekly associated amusements are continued, and are well attended and much enjoyed, but the accommodation for these entertainments is very limited. Bagatelle boards are still needed for the men.

“ We must again express a hope that the question of providing suitable Infirmaries for the sick and feeble will be considered by the Committee. The erection of proper Wards, with all needful appliances for the purpose, will not only prove most advantageous to the Patients who use them, but will afford better means for classification.

“ Another addition greatly needed is a Sorting and Store-room in connection with the Laundry, for which a building similar to the Tailor's Shop on the male side would be suitable. Such an addition would also afford an opportunity of making a stair-case, now greatly needed as affording a means of escape in the event of a fire breaking out.

“ We have examined the Registers and find that last week 5 men and 9 women were under Medical treatment; and since the last visit in March, 1869, 17 Patients of each sex have been secluded for periods varying from one to nine hours. The males on 111, and the females on 67 occasions. Amongst the men the seclusion was principally confined to four cases who were secluded on 80 occasions.

“ We have made the usual statutory enquiries in pursuance of the 110 section of the 8 and 9 Vict., cap. 100. In regard to visitation and management we find that the Committee of Visitors meet at the Asylum on the 3rd Monday of each calendar month; and on every occasion they go round the House and see the Patients. In addition to this very careful visitation, additional visits are made singly by one of the Magistrates.

“ In conclusion, we are glad again to be able to report very favourably of the general condition and management of this Asylum, throughout which we observe indications of kind and careful treatment.

W. G. CAMPBELL,	}	<i>Commissioners in Lunacy.</i> ”
ROBERT NAIRNE,		

There were several changes during the year in the Official Staff—

In the early part occurred the death of Mr. Edward Gibson, who had ably filled the post of Engineer to the Asylum for many years. He was succeeded by his son, who, for some time previously, had attended to the duties.

I have to lament the loss also by death of Mr. John Kent, the Clerk and Steward, after long and severe suffering. He had diligently filled that important post since the year 1861. Mr. George Gibb Clarke was appointed to supply his place, and, from his former position and experience in the County Prisons, there is no reason to doubt he will prove as valuable an Officer here, as he was highly regarded there.

In September, Mr. Richard Greene resigned the post of Assistant Medical Officer, having received a more lucrative appointment in the Sussex Asylum, Hayward's Heath. In him I need hardly say that I lost a very able and esteemed colleague. Dr. John Merson was appointed his successor, and I am glad to state that I have every reason to feel satisfied with the choice of the Committee, for I cannot speak in too high terms of the manner in which he, so far, has performed his duties.

In conclusion, I have much pleasure in recording my satisfaction with the manner in which both Officers and Servants, with few exceptions, have performed their respective duties, and together striven for the common good. For myself, I would beg to return my thanks to the Committee for the unvaried kindness with which they have listened to my suggestions, and for their cordial support in the discharge of my duties.

I have the honour to remain,

GENTLEMEN,

Your obedient Servant,

RICHARD WILSON.

*The Committee of Visitors,
County Lunatic Asylum,
Cottingwood, Morpeth.*

STATISTICAL TABLES, 1870.

TABLE 1.

Showing the Admissions, Re-admissions, Discharges, and Deaths, during the Year 1870.
